

A Guide to LPA in Year 1

You may have heard your child talking about 'active learning' at home, so this is a quick guide to what the LPA (Learning Power Approach) and active learning looks like in our Year 1 classrooms!

Our focus for this term has been helping children know what to do if they make a mistake.

We want children to feel safe as learners, to have a go, and not to worry if they make mistakes!

I feel safe to have a go and make mistakes-they help me to learn!

- It is ok to cross out (one line through)
- We try not to use rubbers as we want to see mistakes- they help us to learn and see our progress!
- We have displays to help celebrate mistakes and progress
