

Are you looking for a 30 hour Pre-school place for your child from September 2024?

Battling Brook Pre-School have a few remaining places for 30 hour placements starting September 2024.

Our Pre-school is currently going through a really exciting phase of transition. From September, our provision will be offered as a class setting, just as we do in the main school but still following the main principles of Early Years education by learning through play and exploration. It will be led by a qualified Early Years Practitioner and supported by key workers. We will operate from 8.45am until 3.15 every day during term time. We believe that this way of working will better support your child and prepare them for their transition in to primary education.

If you are interested in learning more about our setting or would like to discuss the vacancies further, please call Battling Brook School Office on 01455 634701.
