Dear Parent/Carer

On Thursday 11<sup>th</sup> June. to complement our Science Topic on Animals including Humans, we are having an 'Animal and Nature Day' where the children will participate in a variety of fun, hands-on experiences.

On the day, the children will participate in the following activities:

- An interactive experience from a professional with a variety of animals including; reptiles, mammals and birds
- A pond dipping experience where the children will identify a variety of species that inhabit the pond
- Making and decorating their own wooden 'bug hotel' which they will get to take home with them.

We are requesting a £2 contribution which will go towards the cost of the professional visiting with animals and towards making a bug hotel which the children will take home with them. The rest of the cost will be funded by the school. Please send the payment into school in an envelope with your child's name and class on it.

On the day, the children will need to wear their school uniform as usual and bring a pair of old trainers or wellies in a bag along with a raincoat in case it rains.

If you have any questions, please speak with your child's class teacher.

Kind regards  
The Year 2 Team
