Dear Year 2 Parents and Carers,

Following conversations with a number of families and further discussion as a school team, we have decided to limit using the Numbots App as part of Year 2 homework, to strictly 5 minutes per week.

Although Numbots has been used successfully in school for a number of years, we are continually reviewing our practice in light of the growing understanding around children's screen time and the potential impact of excessive use of digital devices. With recent government guidance encouraging families to reduce children's screen time and to be mindful of games and apps that can encourage prolonged or addictive use, we have reflected on whether Numbots remains the right choice for home learning. Guidance states that these apps do have the potential to become addictive so we ask that your child only plays for 5 minutes and then engages in the more hands-on, adult led maths activity that is set weekly.

Thank you again for your understanding, feedback and continued support.

Kind regards,
The Year 2 Team
